

## Kick ass

Your little ass, I'm gonna kick it  
Cause I just wanna have fun  
You can pray, you can beg or cry  
It won't take you out from my gun  
Cause for once in my lifetime  
I feel hate is growing  
Now my mind is running wild

What I feel for you is unbelievable  
What you mean to me is scaring me  
It's just incredible  
What I feel for you is frightening me

Your little smile I'm gonna take it  
So you won't find this so fun  
I am not what you see  
Just a weak sweet little girl  
The kind of girl you can call  
Anytime anywhere  
A thought of you, I loose control

What I feel for you is unbelievable  
What you mean to me is scaring me  
It's just incredible  
What I feel for you is frightening me  
Is frightening me  
Is frightening me...
