

## MY LEFT FOOT

I woke up this morning  
Not my will, didn't want to  
I woke on the wrong side of bed  
Nothing's going right today  
Breakfast with burnt toasts for the  
bin  
Even the sun seems to laugh at me  
Where is the rain?

I can't stand people  
Please leave me alone  
Hide the crowd and hide the world  
I'm down on my knees  
I'm begging you please, please

I can't stand people  
Please leave me alone  
Hide the sun and hide the love  
I'm down on my knees  
I'm begging you please, please

I get out this morning  
Not by pleasure, I had to  
On every corner some couples of  
lovers  
They're showing this obscene  
happiness  
Their kisses so disgusting

That makes me sick  
  
I can't stand people  
Please leave me alone  
Hide the sun and hide the love  
I'm down on my knees  
I'm begging you please, please

I'm back home this morning  
So relieved, I'm glad to  
Sit on the sofa, turn on the TV  
Hoping for some bad news  
But only laughing people  
Show me some sadness

I can't stand people  
Please leave me alone  
Fuck the sun and fuck the love  
I'm down on my knees  
I'm begging you please, please

I can't stand people  
Please leave me alone  
Fuck the crowd and fuck the world  
I'm down on my knees  
I'm begging you please, please
