

NEW GAME

I found a new game
Do you want to play?
Oh let me explain
How it works and what way

First level is really easy,
Just jump in your car
Take a crowded road the wrong way
Blind folded and pray

Will the Rush hour god save you?
Or will you be knocked out?
How crazy, how lucky you are
The aim of this game is to survive
The only rule is: “stay alive”

Do you like my new game?
Are you afraid?
Am I the one to blame?
Do you find me insane?

No bonus level as used to
No way to win health points for you

Will the Playstation god save you?
Or will you be knocked out?
How crazy, how lucky you are
The aim of this game is to survive
The only rule is: “stay alive”

Will the Playstation god save you?
