

Resurrection

Waiting for your resurrection
Can you see us crying?
Once again you tried to stop the bad
Growing inside
We beg you to live
Please don't stop to breathe
Yeah all we need, is another chance to save you

Turn on the light
Don't give up since you are not sure it is the right way to leave
The good day to stop your fears
Turn on the light
You have to be sure that it's time

Now hoping for your remission
Can you hear us praying?
This time you went too far to come back
The scars are too deep
We want to believe
You still want to live.
Yeah all we need is another day close to you

Turn on the light
Don't give up since you are not sure it is the right way to leave
The good day to stop your fears
The right way to leave
The good day to stop your fears
Turn on the light
You have to be sure that it's time
